

VETERINARY CERTIFICATE OF EXAMINATION FOR MORTALITY INSURANCE

Horses being examined for insurance should be moved outside the stall to demonstrate soundness of limb and freedom of movement. Careful observation and inquiry should be made as to housing conditions and the presence of contagious disease. Horses that are chronic colickers, bleeders, or nerved are not insurable. This certificate should be completed by the examining Veterinarian to the best of his/her ability as a licensed Veterinarian. The completed certificate should be forwarded to the above address without delay.
